An exciting opportunity for any young budding photographer aged 10–15 years to join Professional Wildlife Photographer Karen-Jane Dudley on a two hour Junior Master Class Photography session from 3-00pm–5.00 pm available from June to Sept on Thurs ,& Sat only .

Each group will host a minimum of 6 participants with a maximum number of 8 so early booking will be essential .

The Master Class has been structured to explore and introduce the art of photography .

Each Junior master class session is designed to encourage outdoor activity and raise awareness of the wealth of photographic opportunities which exist in natural environments close to home .

The master class will be highly beneficial for students as they approach the period for choosing school options that may include photography / art .

A photography tip sheet will be presented to each participant on completion of the master class .

Please Note : Participating students will need to provide their own camera i.e. standard digital point and shoot , DSLR , 35mm

Students will be given an opportunity to photograph the big cats in the zoo collection But will not be given access to adult photography workshop lens ports due to strict age restriction .
