Hannah Kenway and Penny West look forward to welcoming you to an exhibition of their work as part of the Isle of Wight Open Studios.

Hannah is a figurative sculptor, creating work in plaster, bronze and resin. Her work is inspired by a life spent as a large animal vet and a deep passion for nature, the wild environment and the interplay between form and function.

After completing a foundation course in art in Edinburgh, Penny has spent much of her adult life travelling the world. Her vibrant, expressive paintings are inspired by the local Island environment, in particular the marine landscape and reflect her love of wild swimming.

Opening times: 15/16/17 July 10 - 5
21/22/23/24 July 10 - 5
