

# I'm climbing Kili for

In February 2017, Fi Graham will be attempting to climb Mt. Kilimanjaro, the tallest freestanding mountain in the world. It stands at 5893m which is approx 25 times taller than the highest point on the Isle of Wight (St. Boniface Down - 241m)!

I am climbing for Thames Valley Air Ambulance (which is affiliated with the Isle of Wight Air Ambulance), an amazing charity which saves many lives every year and wholly depends on donations.

I would be really grateful for your donation, however small, to help this wonderful service continue to save lives.

Please go to <https://tvaakili2017.everydayhero.com/uk/fiona> or if you'd rather, you can drop your donation into the school office (in an envelope with my name written on it).

**THANK YOU VERY VERY MUCH!**
