

English		Maths		
<p>Narrative We will be reading a series of books about Emily Brown by Cressida Cowell. Children will then create their own short narratives focusing on common exception word spellings and forming sentences correctly. Within the unit we will use other forms, including poetry and non-fiction. We will also retell stories through role play and puppet shows.</p> <p>Read Write Inc The children are continuing to take part in the RWI programme and will be reading and writing about a range of books across the half term. See the weekly 'home' books for the green and red words to practise.</p> 		<p>During this second half term we will continue to focus on number and place value, and addition and subtraction, to ensure that these concepts are fully embedded and understood. We will also focus on shape.</p> <p>Number and place value – Count to twenty forwards and backwards, beginning with 0 or 1 from any given number; count, read and write numbers to 20 in numerals and words; given a number, identify one more or one less; identify and represent numbers using objects and pictorial representations including the number line, and use the language of equal to, more than, less than (fewer), most, least.</p> <p>Addition and subtraction – Represent and use number bonds and related subtraction facts within 10; read, write and interpret mathematical statements involving +, -, and = signs; add and subtract one digit numbers to 10 including zero; solve one step problems that involve + and -, using concrete objects and pictorial representations and missing number problems.</p> <p>Shape - Recognise and name common 2D and 3D shapes.</p>		
Science	 Year 1 Italy Class Topic Web Autumn Term 2 2019 		D&T	
<p>Every day Materials We will learn to distinguish between an object and the material from which it is made; identify and name a variety of everyday materials, including wood, plastic, glass, metal, water, and rock; describe the simple physical properties of a variety of everyday materials; compare and group together a variety of everyday materials on the basis of their simple physical properties.</p> 	<h1>A World of Pure Imagination</h1> 		<p>Wheeled toys We will be exploring and investigating different wheeled toys – looking at how they are constructed, what materials they are made from and what the different components are (e.g. axle, axle support, chassis, wheel, body etc...). We will then design and make a wheeled vehicle that could take the little boy and his grandfather to wondrous imaginary worlds.</p>

<p>Incarnation / Celebration In this unit of work we will be using the Gospels to learn about the birth of Jesus, and exploring why Jesus is important to Christians. We will be learning how Christians use the story of the Nativity to guide their beliefs and actions at Christmas.</p> 	<p>Getting to know the keyboard We will be getting to know the keyboard – where different keys are and what they do. We will also start learning how to type.</p> 	<p>Say No to Bullying Within this theme we will be exploring and discussing bullying – what it is; how it feels; why people bully; and how we can prevent and respond to it.</p> 	<p>Sports Coach We will continue to work with Mr Goldsmith in our PE lessons.</p> 	<p>Nativity We will be learning and practising the Nativity songs, as well as taking part in rehearsals.</p>
