

English		Maths			
English After a brief look at poetry of the Great War, our writing will follow the main theme of Ancient Egypt. We will be creating news reports on Howard Carter's great discovery in the Valley of the Kings, writing instructions and describing the Egyptian landscape. Guided Reading Mrs Denness will look at a variety of different texts, with a comprehension focus, on Mondays. Mrs Sharp will be using texts with a Egyptian theme.		Mental procedures, multiplication and division: We will be spending a couple of weeks applying our knowledge of number facts to develop a range of ways to calculate mentally before moving onto unpicking multiplication and division by looking at multiples, factors, squared and cubed numbers, we will then look at multiplying and dividing by 10, 100 & 1000. We will finish the term with a look at negative numbers. <u>Shape, Space and Measure with Mrs Denness:</u> We will be revising the work on time that we completed earlier in the term, by looking again at timetables and how to read them accurately. We will also be looking at 3D shapes and identifying them from 2D representations, before concentrating on measuring angles accurately, and recognizing the difference between acute, reflex and obtuse angles.			
Throughout these units we will be focusing on the following key objectives: Imperative verbs, experimenting with sentence organization, adjectives.		<u>Shape, Space and Measure with Mrs Denness:</u> We will be revising the work on time that we completed earlier in the term, by looking again at timetables and how to read them accurately. We will also be looking at 3D shapes and identifying them from 2D representations, before concentrating on measuring angles accurately, and recognizing the difference between acute, reflex and obtuse angles.			
History This term our topic is Ancient Egypt. We will be looking at the lives of Pharaohs and everyday people; how their lives were influenced by their Gods and the river Nile. We will also be looking at the pyramids and other sculptures. This will be enhanced by our trip to the King's Theatre Southsea to watch "Horrible Egyptians" which will hopefully be equally entertaining, gruesome and informative!		<u>Shape, Space and Measure with Mrs Denness:</u> We will be revising the work on time that we completed earlier in the term, by looking again at timetables and how to read them accurately. We will also be looking at 3D shapes and identifying them from 2D representations, before concentrating on measuring angles accurately, and recognizing the difference between acute, reflex and obtuse angles.			
Science In Science, we are focusing on humans as they develop throughout their lives and carrying out various experiments to see what affect age has on our growth and ability to perform certain tasks. We will use a range of measuring equipment, including digital heart rate monitors.		<p align="center">Year 5 Japan Class Topic Web Autumn Term 2</p> 			
Computing We will be learning to code. This is creating a list of instructions to create actions within animations. We will also look at Internet Safety by watching a performance from a visiting theatre group.	Music This half term we will be building upon our understanding of beat to compose, record and perform short pieces of instrumental work.	RE "Incarnation." We will be exploring what a Messiah was expected to be and why he was needed. We will consider gifts: God's gift to the world, the Magi's gifts to Jesus & our gifts to each other at Christmas.	PSHE In our 'Getting on and Falling Out' theme, we will be looking at how to resolve differences and seeing things from others' points of view, and considering the different types of relationships that we have.	French We will be learning about what goes on in school, including vocabulary for different subjects and what we prefer. We will also look at how Christmas is celebrated in France.	PE This term the focus will be on basketball – practising our skills to use effectively in a game; and dance – learning set moves and using them to create our own.
