

Message from Brighstone Parish Council

During the recent lockdown period following government guidance Brighstone Parish Council closed the play area on the recreation ground until further notice.

Now that restrictions are being lifted, the up to date government guidance now states that all play areas should have had their annual safety inspection before re opening.

The inspection on the play area was due during lockdown so we are waiting for that inspection to be carried out before reopening.

We hope this information is helpful for all parents/carers.

Yours Sincerely,
John Cirrone
Chairman Brighstone Parish Council.
