## **Remote Education Parent Online Survey – January 2021**

Dear parents and carers,

As a school, we welcome and value the feedback, views and thoughts of all stakeholders (parents, staff, children and governors) as we feel that this is a crucial part of the process for celebrating successes and identifying improvements to be made.

We are sending out this parent online survey to gather more feedback on our remote education provision during the current school closures. We would really appreciate as many responses as possible so we can get a broader picture of what is working well, what further improvements and amendments can be made and what further support is needed.

You may also wish to re-read the documents 'Remote Education Provision at Brighstone Primary School' and 'Letter to parents about remote education provision' that can be found on our school website:

<https://www.brighstoneprimary.org.uk/covid-19/>

Each survey contains the same questions, but we are gathering class responses to provide a clearer picture to enable us to celebrate successes and provide support and amendments where needed. The deadline for the survey is Friday 5<sup>th</sup> February.
