2021-2022

## Risk Assessment and Outbreak Management Plan

<b>Location / Site</b>	
Brighstone CE Aided Primary School	
<b>Activity / Procedure</b>	
Covid-19 Arrangements for opening of school to all pupils from September 2021 – subject to change according to changes in government guidance	
<b>Assessment date</b>	
10.8.21 – to be updated when needed according to changes in government guidance, advice from H&S team, Track and Trace, Public Health - Health Protection Team or when monitoring the assessments on a daily basis	
<b><u>Updates/amendments:</u></b>	
Slight amendments following recommendations from Ross Burroughs at the H&S team (27.8.21)	
<b>Identify people at risk</b>	YES or NO
<b>Employees</b>	<b>YES</b>
<b>Children</b>	<b>YES</b>
<b>Visitors</b>	<b>YES</b>
<b>Contractors</b>	<b>YES</b>

### DfE guidance July and August 2021

- From Step 4, education settings will no longer be expected to undertake contact tracing. Close contacts will only be contacted through NHS Test and Trace.
- Individuals are not required to self-isolate if they live in the same household as someone with COVID-19, or are a close contact of someone with COVID-19, and any of the following apply:
  - they are fully vaccinated
  - they are below the age of 18 years and 6 months
  - they have taken part in or are currently part of an approved COVID-19 vaccine trial
  - they are not able to get vaccinated for medical reasons
- Instead, they will be contacted by NHS Test and Trace, informed they have been in close contact with a positive case and advised to take a PCR test. We would encourage all individuals to take a PCR test if advised to do so.
- Staff who do not need to isolate, and children and young people aged under 18 years 6 months who usually attend school, and have been identified as a close contact, should continue to attend school as normal. They do not need to wear a face covering within the school, but it is expected and recommended that these are worn when travelling on public or dedicated transport.
- From 16<sup>th</sup> August 2021, children under the age of 18 years old will no longer be required to self-isolate if they are contacted by NHS Test and Trace as a close contact of a positive Covid-19 case. Instead, they will be contacted and advised to take a PCR test.

- Settings will have a role in working with health protection teams in the case of a local outbreak. If there is an outbreak in a setting or if central government offers the area an enhanced response package, a director of public health might advise a setting to temporarily reintroduce some control measures.
- This risk assessment has been written following the recommendations that, in Step 4, bubbles will no longer be necessary. Assemblies (Collective Worship) can resume, and there is no longer a need to make alternative arrangements to avoid mixing at lunch.
- Face coverings are no longer advised for pupils, staff and visitors either in classrooms or in communal areas. The government has removed the requirement to wear face coverings in law but expects and recommends that they are worn in enclosed and crowded spaces where you may come into contact with people you don't normally meet. See below. This includes public transport and dedicated transport to school or college.
- After-school clubs and wrap-around provision can resume as normal, with no limits on group size. However, the usual hygiene measures will continue to be in place (see below).
- There are no restrictions on parents attending events, although control measures will be put in place (see below).
- All of the information in this document is subject to change according to local or national guidance, or the school's own amendments to control measures.

<p>This Outbreak Management Plan will outline how the school will operate if there were an outbreak in the school or local area. The thresholds, detailed below, can be used by settings as an indication for when to seek public health advice if they are concerned. For most education and childcare settings, whichever of these thresholds is reached first:</p> <ul style="list-style-type: none"><li>• 5 children, pupils, students or staff, who are likely to have mixed closely, test positive for COVID-19 within a 10-day period; or</li><li>• 10% of children, pupils, students or staff who are likely to have mixed closely test positive for COVID-19 within a 10-day period</li></ul> <p>The DfE states that any measures will only be considered as a last resort, kept to the minimum number of groups possible, and for the shortest amount of time possible. Identifying a group that is likely to have mixed closely will be different for each setting. The annex gives examples for each sector, but a group will rarely mean a whole setting or year group.</p> <p><b>Identifying close contacts</b></p> <p>Identifying a group that is likely to have mixed closely will be different for each setting. Below are some examples from the DfE:</p> <p>For schools, this could include:</p> <ul style="list-style-type: none"><li>• a form group or subject class</li><li>• a friendship group mixing at breaktimes</li><li>• a sports team</li><li>• a group in an after-school activity</li></ul> <ol style="list-style-type: none"><li>1. The school (Debbie Pelosi, Rebecca Lennon or Melissa Jones) will call the dedicated DfE advice service (0800 046 8687 opt 1) who will escalate the issue to the local health protection team where necessary and advise if any additional action is required.</li><li>2. The school will work with NHS Test and Trace or the local public health team in identifying close contacts where necessary, in exceptional circumstances.</li><li>3. Staff and children will carry out PCR tests if advised to do so.</li><li>4. If there is an outbreak in the school itself, we will follow the advice of a director of public health, which may include reintroducing some control measures for a temporary period, which will be found in the risk assessment for 2020-2021 (updated 25.6.21). At the point of reaching a threshold, the school will review and reinforce the testing, hygiene and ventilation measures we already have in place. We will also consider:<ul style="list-style-type: none"><li>• whether any activities could take place outdoors, including exercise, assemblies, or classes</li><li>• ways to improve ventilation indoors, where this would not significantly impact thermal comfort</li></ul></li></ol>			

- one-off enhanced cleaning focussing on touch points and any shared equipmentmeasures may include:
  - The reintroduction of bubbles
  - The wearing of face coverings by staff in communal areas or classrooms
  - The wearing of face visors or shields (following the advice on p6 of the DfE operational guidance July 2021)
  - Increased frequency of testing of staff
5. In extreme cases, and as a last resort where all other risk mitigations have not broken chains of in-school transmission, a Director of Public Health may advise introducing short-term attendance restrictions in a setting, such as sending home a class or year group (as they could any workplace experiencing a serious infectious disease outbreak).
  6. Remote education plans will be put into place for children who are not able to attend school (see risk assessment 6) and are well enough to learn from home. On-site provision will be retained for vulnerable children and young people and the children of critical workers.
  7. Communication to parents and carers of any changes will be via email and text in the first instance, with a letter also available on the school website Covid page and home page.
  8. Communication to staff of any changes will be by Debbie, Rebecca or Melissa via an emergency briefing (if it is possible to hold with adequate social distancing measures in place) and via email and text.
  9. Where they have advised settings to take extra measures, DsPH and HPTs will work closely with their Regional Partnership Teams and keep the situation under regular review. They will inform settings when it is appropriate to stop additional measures, or if they should be extended.

**Virtual Meetings Ground Rules and Consent**

- Make sure your parent, guardian or teacher is present in the room.
- Make sure you wear appropriate clothing.
- Make sure you are not in a bedroom.
- Make sure there is nothing personal or sensitive on show in the room.
- Do not share any personal details; e.g. your address.
- Make sure you're muted when not talking.
- Put your hand up if you want to talk.
- Be yourself and respect others.
- Use 'reactions' to engage with your class.
- Do not record the meeting on another device, or take pictures or screen shots of the session.
- Your meeting name must be your known first name.
- Only talk about things that you don't mind others hearing.
- The session will be recorded by the host for safeguarding reasons.
- I will be removed from the meeting if I say or do anything inappropriate.

\* If I am in school, I know that my teacher will make sure that these rules are followed and that I will be sharing a school laptop with the other children and staff in school.
