

Personal, Social and Emotional Development

Now that we've all got to know each other a little better, we will work on developing the skills of working together. We will focus on tidying up, taking turns and also beginning to recognise our own feelings. We will also talk about why it's important to look after our learning environment and resources.

Communication and language

The development of the children's spoken language underpins all of our learning in Reception. We will be learning and using new vocabulary, learning to listen to each other and to have back and forth conversations. We will listen to stories, talk about experiences and sing songs.

Physical Development

Children will have opportunities to develop both their fine and gross motor skills this half term, through playing with small, fiddly building materials and loose parts or dough, and by climbing, digging, lifting, carrying, balancing and running.

Literacy

Our day is filled with stories, songs and rhymes. We promote a love of reading, and there are books available in all areas. We will begin to use our sound knowledge to read simple words and continue to practise forming letters and writing the sounds we hear in words.

Spring 1 2023

Maths

Now that we are more secure with the numbers to 5, we will begin to learn more about comparing amounts and the composition of the numbers. Then we will gradually introduce the bigger numbers 6, 7 and 8 and the number 0. We will build on our previous number play and exploration, adding small groups and beginning to recognise patterns. Throughout the weeks we will also explore mass, capacity, length, height and time, learning and using new mathematical vocabulary.

Understanding the World

We will encourage children to explore and observe their natural environment, with a focus on the season of **Winter** and beginning to notice signs of **Spring**. We will learn a little about some of the different **celebrations** happening around the world. We will also talk about our own experiences, beginning to acknowledge the **past** and the **present**.

Expressive Arts and Design

This half term we will continue to look at different ways of making marks in the Creative Area, which the children can then use independently in their own creations.

We will continue to sing songs, make and respond to music from a variety of genres.

R.E.

This half term, we will talk about **celebrations** and what they might look like. We will then learn about how a **Jewish** family celebrates **Shabbat** each week.
