<p><u>Year 3</u></p> <p>Animals including Humans</p> <p>The children will identify that animals, including humans, need the right types and amount of nutrition, and that they cannot make their own food; they get nutrition from what they eat. Identify that humans and some animals have skeletons and muscles for support, protection and movement.</p> <p>Key vocabulary: nutrition, vitamins, minerals, fat, protein, carbohydrates, fibre, water, skeleton, support, protection, movement, joint, skull</p> <p><u>Year 4</u></p> <p>Electricity</p> <p>We will be conducting simple series circuits using components and learning the correct names for these. We will then be able to make some predictions about which circuits will light a bulb, and add switches to our circuits. The children will find out which materials are good insulators and conductors, and identify which appliances run on electricity.</p> <p>Key vocabulary: electricity, circuit, cell, conductor, wire, bulb, insulator, switch</p>		<h1>It's a Wonderful World</h1>  		<p><u>Why are rainforests so important?</u></p> <p>Children will be able to describe a biome and give an example. They will be able to state the location and some key features of the Amazon rainforest, name and describe the four layers of tropical rainforests, understand that trees and plants adapt to living in the rainforest and give an example, define the word indigenous and give an example of how indigenous peoples use the Amazon's resources. They will name one way in which the Amazon is changing.</p> <p>Key vocabulary: biome, Equator, Tropic of Cancer, Tropic of Capricorn, canopy layer, rainforest, emergent layer, lines of latitude, deforestation, forest floor</p>
